

*Dear President Trump,*

*I am writing to you as a concerned citizen in regards to the current state of affairs within our Republic. The peoples' Constitutional rights are being shredded, while the democrats and some republicans make a mockery of our governmental system. I watch time after time, hearing after hearing and yet there is nothing accomplished. The status quo seems to just continue. No one is held accountable for their crimes against the people of this country. I believe you, sir are our last hope to save this Republic.*

*I would like to quote the 1<sup>st</sup> Amendment to establish a precedent: **Amendment I***

***"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."***

*With all due respect sir, what gives the big tech companies authority over the Constitution and ultimately over Congress? Who determines what "hate speech" is?*

*Some people would even say that supporting your presidency is a form of, "hate speech", which is nothing more than a lie.*

*I believe there is a great movement to silence your supporters, to steal the mid-term elections by forcible removal of conservatives from social media platforms and to suppress information from the internet via search engine, Google. This is an attack on conservatives because we are no longer able to share our thoughts or opinions on candidates running for office. (That is the ultimate interference in elections.) According to psychologist Roger Epstein, the censorship could have an impact on up to, "12 million votes". I believe that is a very conservative number.*

*I have sat silently while Twitter shadow banned me and many others all because we stand with you. Many left wing groups like Antifa and others who support many other outrageous disgusting ideas are not banned in any way from social media especially Twitter. These groups and individuals are able to continue to use these social media platforms to promote violence and to promote disgusting ideals that pollute the minds of young people and others who use the platforms.*

*I am asking you to act on behalf of the people and the “silent majority” to ensure we have the same access to social media platforms as the Constitution states, which is the ultimate law of our great Republic. These platforms are modern day public platforms in the fact that:*

- 1. Anyone can sign up to these platforms.*
- 2. These platforms are free of charge.*
- 3. These platforms are publically held companies via stock market.*

*You, yourself sir are and have been the target of a, “deep state coup” at the hands of political opponents via the “Russian collusion” story. Many people are well aware that the “investigation” is built on fake dossier that was paid for by the Hillary campaign and is nothing more than a lie to destroy your presidency, those around you and our Republic.*

*Imagine Mr. President if you were unable to respond to these crazy main stream media claims or the outrageous stories the left promotes about you, your family or your administration. That is how the people are actually being treated because we support you and our most precious gifts, our God, our country, our freedom, our liberty and our Constitution.*

*These leftists are not sane individuals, as I am sure you are well aware. These individuals and or groups such as, Antifa and Redneck Revolt along with many other organizations are nothing more than an enemy of the people, as well as justice and truth. The left constantly ignores our Constitutional rights and laws with every chance they get. There are also many members in the House and Senate who incite radical behavior and even incite violence or encourage their supporters to quote, "Rise up and resist." against you and the administration as well as other republicans. It is frankly disgusting and appalling. They may even be in violation of laws here a few:*

***18 U.S. Code § 2101 – Riots***

***18 U.S. Code § 2385 - Advocating overthrow of Government***

*I also respectfully ask that you declassify the 20 pages of the F.I.S.A. application that was used to spy on your campaign. I am watching this country being ripped apart and it is not for the good of the people, but for the detriment of the people. It is a disgrace to see the blatant disrespect of our great Republic by the very people who took an oath to defend and uphold the Constitution.*

*Those within the F.B.I. and D.O.J. who are taking part in this, illegal investigation along with their co-conspirators ought to be brought to justice. Often I am reminded of the part of the pledge of allegiance that says, "...justice for all." I am also reminded by the oath that is taken by our wonderful military and many others in law enforcement, "...that I will support and defend the Constitution of The United States against all enemies, foreign and domestic..." We have to get back to justice against all enemies foreign and domestic. Sir, you wouldn't let poisonous snakes into your home would you?*

***"The sword of the law should never fall but on those whose guilt is so apparent as to be pronounced by their friends as well as foes." --Thomas Jefferson***

*For too long our great Republic has had a dual justice system. Where the people in charge walk away rich while Americans walk away with less and more of a burden which is then left to children and grandchildren to face. We must get back to justice and truth done God's way. Where every citizen is treated with equal justice under the law no matter what their social standing is.*

*In the face of all the opposition towards you, your family and your supporters you have accomplished so much in such a short time. I am glad you are the 45th President of The United States of America. I often wonder what this country would look like with anyone else leading and it honestly worries me. I am so grateful that you took it on for us, you sir are a patriot. You have an opportunity to turn America back to justice and truth and make history in the process. Just do it for the sake of our Republic and our future generations by restoring our once great institutions and delivering justice to those who are behind the greatest crime in American history. May God bless and protect you and your family and the greatest country on earth, America. I leave you with this quote, sir.*

*“Our country is in danger, but not to be despaired of. Our enemies are numerous and powerful; but we have many friends, determining to be free, and heaven and earth will aid the resolution. On you depend the fortunes of America. You are to decide the important question, on which rest the happiness and liberty of millions yet unborn. Act worthy of yourselves.” Joseph Warren*

*With highest regards,*
